CURRICULUM & VIDEO TUTORIALS

EDESIGN CURRICULUM

The curriculum teaches eDesign in a sequential manner. Each lesson has a worksheet with guided notes and practice activities. The worksheets are fillable PDFs that can be printed or used electronically. (If you use them electronically, make sure students download the PDF before typing.) You'll find a worksheet posted on each lesson's page.

The answer key for advisers can be found here:

EDESIGN TUTORIALS

In addition to the curriculum, we've loaded eDesign with over 90 tutorials that you can access in two ways:

1. [Help > Video Series \(or just search for a topic\)](#)

When selected from the Help widget, the videos will pop up and play within eDesign. You can search for a video by topic or scroll through the list.

2. [Help > eDesign Curriculum > eDesign Help & Curriculum > All Videos](#)

The videos are also listed here so you can watch them in one tab and have eDesign open in another tab. Plus, on this page you can see a list of all the video tutorials.
